

## A couple of emails from parents of YLF Delegates 2021

Hello,

I wasn't able to get to the graduation through my cell phone. Thank you, thank you, thank you and ALL our staff for hosting these forums. The information is much needed and very useful.

You put your heart into this, and it shows!!!

*Hi Jenifer,*

*I wanted you to know how great these last couple weeks have been for Sully. He has been so empowered. I know it is hard to tell with virtual environments, but this has been a wonderful, positive experience for him. He is so proud to tell his classmates and teachers that he is training to be a leader!*

*Thank you for all you do for these young people.*

*I am sorry he will miss the last day and the graduation. But I anticipate some crazy dancing this evening.*

*Thanks,*

*Monica*
